Mr. and Mrs. Art Arnfinson accompanied Mr. and Mrs. Mike Cholak on a recent trip to Kimberley, B.C., where they were guests of Mr. and Mrs. Dori Arnfinson and family.

Mrs. Dunc McKenzie of Berwyn was a recent visitor at the home of Mr. and Mrs. Chris McNaughton. Mr. McKenzie is hospitalized at the Col. Mewburn.

Mrs. Steve Maxson has returned to her home at Innisfail after a visit with her son and daughter-in-law, Mr. and Mrs. Victor Maxson and family. While in Edmonton Mrs. Maxson visited old friends and acquaintances.

It was with deep national pride that we noted Iceland's participation in the recent Olympic Games in Rome, and the winning of two points. So far we have been unsuccessful in answering our family's query—"For What?" They suggest, "tongue in cheek", that it is for marksmanship—having had all that practice taking pot shots at the British in their recent successful defence of Iceland's fishing rights. Do any of our readers actually know "For what" did Iceland win two points in the Olympic Games?

Mr. and Mrs. Don Cameron and family enjoyed a trip to the western United States and British Columbia during their holidays. They also had time to further explore the Drümheller Bad Lands, and to add to their extensive collection of rocks.

The 650-member Canadian Association of School Superintendents and Inspectors, at a meeting held in Toronto recently, elected Dr. J. C. Johnson, 7404-118 Avenue, as a regional vicepresident. Dr. Jonason is an inspector for the Department of Education.

Baskets of autumn flowers decorated St. Luke's Anglican Church, Red Deer, September 3rd, for the marriage ceremony uniting Margaret Sharon Stephenson, younger daughter of Mr. and Mrs. Einar Stephenson, and Dr. Franklin Thomas Sigurdson, only son of Mrs. Thomas Sigurdson and the late Mr. Sigurdson. Canon E. F. Flagg officiated.

Given in marriage by her father, the bride wore a floor-length gown of silk organza with lace applique at the neck and on the skirt, which was fashioned with a train. Her chapel veil was held by a crown of seed pearls and iridescent sequins, and she carried a bouquet of white roses, stephanotis and ivy.

Attending her were her sister, Mrs. Frank Soderberg, as matron-of-honor, and bridesmaids Miss Patricia Lambert and Miss Merla Lou Sigurdson. Miss Patsy Willis acted as flower girl. Best man was Dr. Bruce Mickle, and ushers were Dr. Andrew Rubes and William Stephenson.

Highest Life Expectancy In World

The probable life expectancy for younger age groups is now higher in Norway than in any other country in the western world, according to the Norwegian Insurance Companies' Statistical Department. The Netherlands, Sweden, Denmark and Iceland come next in that order. In the older age group, Iceland is first, closely followed by Norway.

The declining mortality is reported to be caused by a complex of economic, social, hygienic and medical factors. The result is a significant improvement in the physical condition of the Norwegian people. There has also been a notable drop in contagious diseases.

Cancer, heart disease and accidents are today the main causes of death in Norway.

Kesällä tuli kirje Misters Andersoneilta Calgasyast, missä tarjottiin Suomi-Seuralle lahjaksi tonttia Lac-La-Nonne'ita, Norseman Cove. 3 johtokunnan jäsentä kavi tutustumassa paikkaan ja ed. yleisessä kokouksessa päätettiin ottaa lahjoitus vastaan. Kyseessä oleva tontti on kaunis maki rinne, mista on loistava nakoala yli koko järven. Suunnitelmana on rakentaa sinne talkoovoimin retkeilymaja takkoi-neen ja keittioineen, mikä jokaisen seuran jäsenen käytettävissä. Ajattelkaapa, juhannuskokko omalla kampalla, mikä sen basukempaa! Mutta vaikka työt saataisiinkin talkoovoimin, niin rahaa tarvitaan rakennusaineisiin. N a i n pienellä seurala ei tuonnollisestikaan ole suuria varoja, joten talven kuluessa yritämme saada tansseilla, myyjäisillä y.m. tuloja. Ennenkaikkea se riippuu jokaisesta seuran jäsenestä, tuleeko meidän majastamme tosi. Tulkaa joukolla illanviettoih-mime ja naiset eivat toki uuhda ompeluseuroja, pienetkin tulot kartuttavat rakennusrahastoa! Silloin voi jokainen iloisella mielellä vieda koko perheensa vaikka laskiamaen-laskuun omalle majalle, missä roihuaan takkavalkean aarella ei talvellaan palella.

The ladies section of the Finnish Society will hold a bazaar and dance on Nov. 4 at the McCauley Hall. All ladies are reminded that sewed and knitted items as well as baked goods and all kinds of handicraft will be welcomed with hearty thanks. After the bazaar coffee will be served and dancing follows. So please, keep this date in mind.

Next sewing circle will be held at the home of Mr. and Mrs. V. Leino, 13555 - 124A Ave. on Oct. 18 at 8:00 p.m. The last one took place in September at the home of Mr. and Mrs. J. Sahuri.

Congratulations to Mr. and Mrs. Tony Leino on the birth of their daughter in September.

Birthday greetings are extended to the following Finnish Society members who are celebrating in October: Mr. V. Rastas, Mr. T. Nahkuri, Mr. J. Luoma, Mrs. B. Rama, Mr. J. Sahuri and Mr. R. Vesaniemi.

Fifty-five Norwegians are presently serving with United Nations forces in the Republic of The Congo.

A leading motion picture theatre in Moscow will show seven Norwegian feature films, as well as four shorts, from Sept. 26 to Oct. 2.

Swedish Club North Star

The Swedish Club North Star will begin with its meetings again in October. No meetings are held during the summer months, mainly because the members have difficulty getting time off to attend. However, the colder season is rapidly approaching, and the next meeting is to be held on Oct. 15 at the home of Mr. Nils Timo.

Once during the summer the members got together when they and their families had a picnic. It was held on June 21 at the home of Mr. and Mrs. Ernest Kvarnberg in Buford. It was well attended and really enjoyed. The Kvarnbergs deserve hearty thanks for their efforts. There was horseshoe throwing and tug-of-war for the children, and of course, as usual at picnics, the ever-present shower of rain.

YOUR PAPER

By Eileen Peterson

The Scandinavian Centre News has two main purposes — to keep you informed on the progress of the Scandinavian Centre which you are helping to bring into being — and to publish news of interest to you. I am proud to accept the position of Editor of this newspaper, and I shall do my utmost to maintain the same high standards which have been the policy of this paper since its beginning.

This newspaper represents a tremendous amount of hard work and untiring effort on the part of many people. Since the inception of the News two years ago, this circulation has grown from 800 to 3,000 — and it continues to grow with each issue. This in itself is no small feat, and could not possibly have been accomplished without many, many hours of volunteer work. The Scandinavian Centre News, then, was founded and built to its present stature by the members of the Scandinavian Community. You can be proud of your accomplishment!

Growth is a sign of progress — and progress is healthy and desirable. But growth is not without its problems, and the bigger and better this paper becomes, the more expensive it also becomes. We find that we are operating at a loss each month.

Donations from our readers will be most gratefully received and will be fully acknowledged in the Scandinavian Centre News.

I would like to thank the correspondents from all of the organizations, as well as the members of the Newspaper Committee, who have been so helpful. My special thanks to Mrs. Elsie Simmons under whose capable guidance the News has become the fine paper which it is today — she has helped me immeasurably.

THE SHAREHOLDER'S CAMPAIGN CLOSES OCT. 18

Fellow shareholders, remember "The Shareholders' Campaign" officially closes on October 18, 1960. There are 615 shareholders (including those who applied for shares). This is an earnest appeal to you to do your part. Just think what it would mean! With \$30,000 more we could start building the Centre in 1961.

Do you want a Centre? Yes, of course you do, or you wouldn't have bought a share. Do you really want the "Centre"? Yes? — well then sell ONE share. Isn't that simple? Carry the application form with you wherever you go.

HOW DO YOU SELL A SHARE?

On September 23rd at the Jubilee Auditorium the Shareholders' Dance illustrated how simple it is. Only three questions . . .

1. Do you have a share in the Centre?
2. If not, would you like to buy one?
3. May I arrange with you for a date to call on you?

When you have completed the application, fold it and mail it in the envelope provided. Will you do your part? Act now! Remember, the closing date is October 18, 1960. Watch for the Building Fund Thermometer on November 1st.

THE SHARE-SELLING COMMITTEE:

The following members are the captains of The Shareholders' Campaign. They will phone you, supply you with application forms, return envelopes, form letters, information and encouragement. If a captain hasn't phoned you, please, fellow-shareholder, take the initiative and phone one of the following:

BOARD OF DIRECTORS HELD MEET ON SEPT. 13

The appointment of Mrs. Eileen Peterson as the new Editor and Business Manager of the Scandinavian News was approved.

PLANNING COMMITTEE MET ON SEPTEMBER 20

Under the chairmanship of G. A. Larson, the Planning Committee met at 600 McLeod Building to discuss plans for the new Centre. The committee is quite concerned about the fact that the representatives from some of the Clubs are not attending. The Centre is for the use of all the Scandinavian Clubs; therefore they must have a part in planning it. It might be well for each Club to see that their representative attends, or that an alternate attends. Then he can report back to his Club on the progress of the Centre plans.

SCANDINAVIAN NEWS COMMITTEE MET ON SEPT. 20

Under the chairmanship of Art Andersen the Scandinavian News Committee met at the home of Mrs. Vera Nielsen. New members on the committee are: Mrs. Eileen Peterson, Editor and Business Manager; Mr. Rune Anderson, correspondent for the North Star Club; Chris Dreyer, Auditor

for the Centre, gave a very thorough report on the financial aspects of the News. A costing committee, Art Andersen, Mrs. Eileen Peterson, and Chris Dreyer, was appointed to bring in recommendations that will wipe out the monthly deficit. It is expected that advertising rates will have to go up with increased circulation.

A delightful lunch was served by the hostess, Mrs. Vera Nielsen.

SCANDINAVIAN AUTUMN DANCE AT JUBILEE AUDITORIUM — HUGE SUCCESS!

Over 1,000 people attended the opening of the social season of the Scandinavian Centre. The full evening of dancing was highlighted by featured guest artists. Alfie Myhre, Alberta Champion Fiddler, did an outstanding job; Barry Steele (Rasmusson), well-known teen-age dance-orchestra leader, made a big hit with his solos and electric guitar accompaniment; Crystal MacDonald, well-known soprano, entertained in her usual charming manner. Spot dances were featured throughout the evening with many couples receiving lovely prizes. A feature of the evening was "The Shareholders' Dance" which was enjoyed by all. Master-of-ceremonies for the evening was Knut L. Svidal, Director of Publicity for the Scandinavian Centre.

WAGES OF VIRTUE

A ragged panhandler accosted a well-dressed sportsman and asked for a handout. The sportsman said, "I'll give you a drink."

"No thanks," answered the beggar. "I never drink."

"Hmm," said the sport, "I understand. Here, have a good cigarette."

"No, thanks, I don't smoke either," said the beggar.

"Well, I'll tell you what I'll do," said the sport. "I've got a tip on a horse that will not only bring you in some money, it might give you enough to buy a suit."

"I couldn't do that!" cried the panhandler. "I never gamble. All I want is some food."

"You'll have it," vowed the sport, "and it will be right at hand with me. I want my wife to see what happens to a guy who doesn't drink, smoke or gamble."

A roughneck from the deep south passed away and arrived at the gates of eternity. "Gee," he gasped, "I didn't know Heaven would be so much like Texas."

"Son," said the gatekeeper, "this isn't Heaven."

The manager of a department store put this notice in the window: "If you need it, we have it."

But in the window of a rival, sign appeared, stating: "If we don't have it, you don't need it."

Calgary Power Film on Alberta Highly Praised by Government

Calgary Power has made a film on Alberta designed for tourists and persons considering moving here from other parts of the continent that has been received by the provincial government and businessmen with enthusiasm.

The film was shown to members of the provincial government last week and they ordered 75 copies for film exchange groups and commercial attaches in foreign countries.

Calgary Power is having 10 copies printed for domestic use, for film libraries.

Bill Ross, director of special services for Calgary Power, said that the film is the greatest bit of promotion work ever done for Alberta and puts things in terms that the government could never do without being accused of propaganda.

The film is aimed at families moving to Alberta.

The film describes the attractions of Alberta and its future.

It starts out explaining Chinooks, switches to the Rockies, to the slope in Northern Alberta and then dwells on Alberta industries.

Grain farming and cattle ranching is outlined, oil and natural gas works are explained, transportation facilities are pictured and the population centres of Calgary and Edmonton are shown in detail.

Their populations are shown, along with the mushrooming office

buildings, planned industrial areas, suburban areas, Jubilee Auditoriums, hotel services, apartment buildings, motels, parks, schools and churches.

The living conditions are shown in fine detail, including low price houses, rich soil, low cost utilities, the lowest priced food and meat on the continent, education opportunities with two universities and many affiliated colleges.

Medical services and the province's debt free status are highlighted.

Outdoor sports, recreation facilities, national and provincial parks, indoor recreation centres, outdoor camping and other forms of self entertainment are shown.

The realistic film pictured 10 seconds of a Stampeder football game. This included one lost fumble and 20,000 disappointed fans.

Persons wanting to show the film may loan it from Calgary Power shortly and it will soon be available through the library.

Aluminum Links Power Stations

Aluminum cable is being used to link Edmonton's main power plant with a new sub-station. It may be a "first".

During recent tests the 72,000 volt cable performed satisfactorily. The cable was laid under ground and is carried in an oil-filled pipe.

The new power hook-up should be complete by Nov. 15. Cost, including sub-station and cable, about \$680,000.

"I never see Miss Smithers with you these days," remarked Johnson to his friend at the club.

"No, I couldn't stand her vulgar laughter."

"Really? I never noticed it."

"No? Well, you weren't there when I proposed to her!"

"I wouldn't marry the finest man living."

"But, Myrtle, if you marry me—you won't."

CPA Reduces Overseas Fares, Economy Class

Canadian Pacific Airlines passengers will save \$54 on economy class flights between Canada and Europe, when the airline introduces the lowest regular air fares between Europe and North America commencing Oct. 1.

The savings, authorized by the International Air Transport Association, are available to economy class passengers flying on propeller or jet-prop aircraft as opposed to jet flights. CPA is the only Canadian carrier offering the new economy fares in conjunction with the speed and comfort of jet-prop Britannia service.

The CPA - Calgary - Amsterdam economy class return fare for example, will be \$640, a saving of \$54 over the corresponding jet fare of \$694. This \$54 reduction is available on flights from any city in Canada to Europe.

CPA operates all jet-prop Britannia services from Vancouver, Winnipeg, Toronto and Montreal to Portugal, Spain and Italy. From Canada's west coast, the airline's Britannias also link Vancouver with Amsterdam, Holland, via Edmonton.

CPA's 100-passenger Britannias fly at 400 miles per hour over ranges up to 6,540 miles.

Romantic young bride, as they drove away from one of loveliest of steep valleys near the place they had stopped for lunch on their honeymoon. "What a wonderful gorge that was, darling," she exclaimed soulfully.

Bridegroom: "Not bad, but I could have done with a bit more of that apple pie!"

Candidate: "There are 24 jails in this province and I'm proud to say no member of my family has ever been in one of them."

Voice from audience: "Which one is that?"

Well, how can a man be fishing all day and get nothing?

MOUNTAIN MYSTERY

By Elsie Simmons

Like a torn veil the mist lies o'er its lofty peaks,
Rays of morning brilliance piercing through
To show a snow-cap here, and there a waterfall which streaks
The mountain side like silver 'gainst the rocky hue.

How still he lies, shrouded with shale or verdant green.
The secret of the ages deeply buried
'Neath monuments majestic, rising in between
The fertile valleys where the river waters hurry.

Will he awakes again some far-off day
To shatter and destroy what men have dreamed,
If so, what then of man's ambitious way,
Will pride be humbled and His virtues be redeemed?

Harold Markstrom and Eric Pierre were nominated to work on the Smorgasbord Committee; the latter will be Chairman. The Smorgasbord will be held on Saturday, Oct. 29. A Bowling League has been formed and will start playing on Sept. 16. Mr. and Mrs. Olaf Tweter gave a summary of their trip to Sweden, Norway and England. They saw many friends and relatives whom they had not seen for forty years.

A lovely lunch was served after the meeting followed by dancing to the lively music of Sig Johnson, Ruth Bergquist, Peter Johnson, Magnus Pearson and Wayne Modin. The next meeting will be in the I.O.O.F. Temple and will be followed by a dance.

LADIES' AID

Vasa sisters met at the home of Mrs. Ida Pearson on Sept. 9. A large number of ladies turned out to make plans for the Tea at the Bay. The next meeting will be held on Oct. 15 at the home of Mrs. Ragnhild Johnson, 11841-103 Street. Plans for the annual Smorgasbord will be made, and it is hoped that all the ladies will come. A donation of a beautiful Swedish crystal candle-stick set was made to the ladies' aid by Mrs. Ella Peterson. They will certainly add a great deal to the appearance of the table for all the functions which the ladies hold during the year.

CHILDREN'S CLUB

The next Children's Meeting will be held Oct. 16 at 2:00 o'clock at the I.O.O.F. Temple. It is hoped that there will be a better turn-out of children than at the last meeting.

A number of friends gathered at the home of Mrs. Helen Engstrom on the occasion of her 50th birthday, and presented her with a Mixette. She also received congratulations and flowers from Sweden.

Mr. and Mrs. H. Krag motored to Spokane for a short vacation, and then motored to Prince Albert, Sask., to visit Mr. and Mrs. Harold Lundgren.

Mr. and Mrs. Axel Modin thoroughly enjoyed their trip to northern Alberta and the interior of British Columbia, coming home by way of Banff.

Mrs. Helen Ryley has returned to Edmonton after being employed at Jasper for the summer.

Mr. Sig Johnson is now at Fort Smith where he expects to work for about six weeks.

Mr. and Mrs. Johan Erickson and family are returning to Sweden to make their home.

Mr. Carl Elgstrand has recently

returned from a business trip to Winnipeg.

Mrs. Inga Shaw recently spent a month at the west coast visiting relatives and friends.

Mr. Glen Eliasson is resuming his studies at the University of Alberta.

Buford

(Continued from Page 1)

Lloyd Modin explained the purpose of the club, what could be done by unity and how a meeting should be conducted, and that the elected officers would conduct the meetings under guidance. After outlining the number of officers required and their duties, he called for and guided nominations. If the enthusiasm demonstrated during nominating procedures continues, the club is bound to succeed.

Sister Margaret Eliasson of Edmonton, District Children's Club Leader was present and extended greetings from the District. She gave a talk on club activities and suggestions on things to work for and the kinds of programs that can be held. Brother Raul Nyroos, past leader of Skandia Children's Club was also present and gave a brief outline regarding past activities in the Edmonton club.

The next meeting will be held on Sunday, Oct. 2 at 2:00 p.m. All interested children are reminded to attend.

Mr. Emil Renstrom of Minneapolis, Minn. returned home after spending some three weeks visiting in Glen Park and Edmonton. Mr. Renstrom is Mrs. L. O. Anderson's brother, and since she is confined to bed it was a very welcome visit as they had not seen each other for quite a number of years. Besides visiting his sister and brother-in-law and all his nieces and nephews in Edmonton, he spent a week with Mr. and Mrs. Gus Modin at Glen Park and a few days with Mr. and Mrs. K. French at Hanna. Mrs. Modin and Mrs. French are also nieces. Mrs. French, a former member of Buford Lodge, recently visited her mother, Mrs. Anderson and sisters in Edmonton and Glen Park.

Mr. Benstrom, who worked in Edmonton from 1905 to 1907 and has not been in this community since, remarked on the size and growth of the city. He still recalled many familiar landmarks and recognized some of the older farms in the Buford and Glen Park area.

All are reminded that the membership drive is still on. Those receiving this paper who are eligible for membership in Buford Vasa Lodge and are not members, should be; so contact any lodge member and arrange to fill out an application form, or get in touch with Mrs. Emil Kvarnberg, lodge secretary. She will be glad to take your application. Remember, meetings are held on the last Thursday of each month.

The Handball Club "Freja" held their Annual Meeting on Sept. 20 in the Masonic Temple. Irma Quitzau and Ellinor Andersen, who started "Freja" three years ago, did not wish to be re-elected as officer. The new President is Jens Godbersen, and new officers are as follows: Inge Herman, Gerda Christiansen, Tove Jespersen and Hasse Gustafsen.

It has been a good summer with a lot of activities. "Freja" played the Calgary Handball Team "Viking" twice in Calgary, as well as playing two return engagements in Edmonton. They also played the "Viking" team at the Scandinavian Centre Picnic at Elk Island Park, where trophies were won by each team. On one occasion they met at Red Deer where a handball team has also been formed.

"Freja" is presently looking for a suitable hall in order to carry on their activities during the winter. All interested ladies and gentlemen are invited to call Jens Godbersen at HO 9-3658 for further information. Watch this paper every month for Handball news.

RETURN FROM NORWAY

Mr. and Mrs. Olaf Tweter recently from Norway where they spent in excess of one month this summer. In addition to visiting Norway, they travelled extensively in England and in Sweden. Mr. Tweter reported that he enjoyed the trip very much but was pleased to get home again as well.

ENJOYABLE SUMMER

Mrs. Tony Skaggestad, whose mother was visiting her here for a number of months, travelled back to Norway with her. Mrs. Skaggestad and her children were in Norway in excess of two months and have just recently returned again. She reports that she enjoyed being back in Norway for an extended visit very much.

A pessimist is a woman who thinks she'll be unable to fit her car into a certain space. An optimist is a man who thinks she won't try.

Mother heard a great clattering and banging on the porch where small Bobby was playing and called out, "What are you doing?" "Nothing," answered Bobby. "What are you doing it with?" A small voice answered, "With a hammer."

"And how were the bath salts?" asked the druggist.

"Well, they taste very nice," said the woman customer, "but I don't think they have the same effect as a real bath."

To her complaining daughter, a wise grandmother said: "Just be glad your children are between 7 and 13 years old. Those are perfect ages—too old for baby sitters and too young to drive the car."

Aga Khan: Horses have better instincts about certain things than people. People laughed at the first automobiles, but they scared horses already then.

Mr. and Mrs. Olaf Tweter Visit Scandinavia

By Freia Tweter

On Saturday morning, June 18th, we boarded the Northwestern Airline via Winnipeg and Minneapolis, to New York. Arriving there very late, we had a difficult time getting a room for the night. However, we managed to do so, and at ten o'clock the next night we boarded the Icelandic Airline. Stopping at Goose Bay to refuel, we had a nice cup of coffee in bachelor fashion.

From there we flew past Greenland to Reykjavik, Iceland, and stopped at the airbase for dinner. Arriving in Copenhagen late Monday night, we took the Scandinavian Airlines System at five o'clock the next morning. In less than an hour we landed at Bromma Airport, Stockholm. What a wonderful feeling it was to see the coast of your homeland after forty-three years' absence.

We visited Stockholm's slott (the King's Castle), the Town Hall, Djurgarden, Nordiska Museum, Nordiska Companiet, the largest store in Scandinavia, and the open-air museum, "Skansen".

After that, we took the train to the northern part of Sweden and arrived at my home town, Lycksele, just the day before midsummer. All our relatives met us at the station and it was a very happy occasion. After visiting in their homes we went down to Unea Holmsund and Sundswall. There we bought a round-trip tourist ticket called Zim-sala-bim, which enabled us to travel from Sundswall over Ange, Bracke, Ostersund, Storliden and Trondheim.

From the train we could see one of Sweden's highest mountain tops — Areskutan. On the very top is a restaurant, and the passengers can be lifted up by iron cables. (I wished that we could have gone up there for a nice cup of coffee.)

During our trip we had lots of rain, but after we passed Storliden the sun was shining brightly, and my husband said, "No wonder, we are in Norway now!" We noticed that in these countries all were employed, and the standard of living was high.

We stayed in Trondheim for a day and saw the museum, "Domkyrkan", and many other places of interest. Trondheim is a city where you see tourists of all colors and creeds standing on the streets studying their road maps; we were doing the same.

The next day we boarded the train for Oslo where we stayed for

one and a half weeks. My husband was so very pleased to meet his cousins, relatives and friends in town and on the farms nearby. From Oslo we went to Gothenburg, and from there back to Stockholm — the starting point for our homeward journey.

At Bromma, Stockholm, we took the Scandinavian Airlines to Oslo, and the Icelandic Airlines from there to New York. This time we flew further south, and as the plane cruised very slowly and at a low altitude one could see the volcano "Heckla" very clearly. As you remember, this volcano erupted from March, 1947, to May, 1948, after a long period of inactivity.

Instead of landing at Goose Bay this time, we stopped at Gander, Newfoundland... and what a beautiful airport this is! It has very modern waiting-rooms, a dining room and restaurant, and a very interesting shop which sells ornaments and souvenirs.

From there we flew to Halifax and New York, changing to the Northwestern Airlines via Minneapolis and Winnipeg. The Trans-Canada Airlines brought us home from there, and although we had a very nice trip we were grateful to God for His protecting hand in bringing us safely home again.

"Why don't you go down the street instead of galloping around in the revolving door?" the hotel doorman asked a guest who had explained that he was just taking a walk before breakfast to sharpen his appetite.

"I mustn't go too far," said the guest. "I'm expecting an important phone call any minute now."

The Swedish and Norwegian authorities have approved a plan for building a 380,000-volt power line across the border between Borgvik in the Swedish province of Varmland and Skjeberg near Sarpsborg in Norway. Denmark, Norway, Sweden and Finland will then be joined in one of the world's biggest power links with a total rating of 20,000 MW.

The new line will have a capacity of 400 MW. Earlier this year a

CHARITY BOWLING TOURNAMENT

THREE TEAMS from Vassa Lodge Skandia competed in the Scona Bowl charity tournament recently. The team under captain Don Johnson won third prize of \$50 which was donated to the School for Retarded Children. The cheque was presented to Mrs. Winnifred Stewart, founder and principal of the school, the money to go toward the new school building. The address of the school is 11130-131 St. Members of the team were Don Johnson, captain, Mrs. Johnson, Sig and Evelyn Johnson and Mrs. Dorothy Ekman.

The Smorgasbord

As long ago as 200 years the custom of serving smorgasbord was popular with Swedish housewives. It is believed to have originated as a means of using up left-overs and serving them as appetizers before the main evening meal. The foods used were cold cuts of beef, pork or mutton as well as varieties of fish, with thin, crisp rye bread. To make these appealing to the taste they were cut and arranged attractively and garnished with green vegetables in season such as parsley, radish, chives, celery and tiny onions in cream sauce, as well as lemon slice; or beet salad and sliced hard-cooked eggs would lend color to these snacks. They served schnaps for liquid refreshment. Five or six in the evening was the

time for this little repast, followed by supper around eight o'clock.

Later, around the turn of the nineteenth century, the smorgasbord had grown in popularity, especially in the manor houses in the country, and many extras such as cheese, sweet breads and small cakes were added. Hostesses tried to out-do one another in making the finest spread of tasty delicacies as a forerunner of the main meal of roast beef or fish and vegetables, dessert and coffee.

During more recent years the smorgasbord has lost much of its popularity in Sweden. Possibly the reason for this was the shortage of many foods during the two great wars and consequent rationing. Also the trend to dieting and weight reducing has caused the elimination of extra courses which formerly made up the evening meal. Light snacks of tiny sandwiches or fish are served with soup to begin the dinner. It has ceased to be considered "fint" to gorge in foods, just as it is considered in bad taste to over-indulge in drinking alcoholic beverages in Sweden today.

Russian people have gone in for the Smorgasbord during modern times and in the U.S. and Canada the custom has been adopted for large scale dinner entertaining to the extent of serving the whole meal with all the trimmings in this style. Perhaps the fashion of eating foreign foods and the availability of them has been a factor, as well as for convenience during recent years when servants have become a thing of the past in the average home. The buffet supper is rarely heard of any more — the smorgasbord having taken its place.

Many restaurants have adopted this type of service which no doubt means a saving in help since the patrons serve themselves.

The smorgasbord, whether served in the home or in public places, cookery of traditional foods, prepared with a special regard to flavor, to suit the gourmet's taste.

When an optimist lends money to certain friends he has a good chance of becoming a pessimist.

When a little boy arrived home from school his mother asked if he had been a good boy.

"Sure I was good in school today," he replied, "How much trouble can you get into standing in a corner?"

Three men lived on the 25th floor of an apartment building. One day the elevator was out of order so they had to walk up to their apartment.

To pass the time, they decided that the first man would sing a song, the second would tell a joke and the third man would tell a sad story.

They were on the 24th flight of stairs when it was the third man's turn. All he said was, "I forgot the key."

Mother: "Do you know what happens to little boys who tell lies?"

Dennis: "Yes, they travel on trains for half-fare."

Household Hints

If your bread for sandwiches seems too fresh to slice easily, place it in the refrigerator to become thoroughly chilled. This will make the bread firmer and the slicing much easier.

To keep cheese moist and free from mould, wrap it in a cloth dipped in vinegar and keep it in a cool place.

If you want to remove all the white skin from oranges with the rind, cover oranges with boiling water for about five minutes before you peel them.

A teaspoonful of vinegar beaten into boiled frosting when flavoring is added will keep it from being brittle or breaking when cut.

To remove obstinate stains from porcelain bath tubs, try moistening a soft cloth with peroxide, then dipping it in cream of tartar. Rub this on stain.

When a portion of paint in a can has been used and the remainder left to stand, the surface usually becomes hard. A small amount of melted paraffin poured on the top will prevent this.

"What's Cooking?"

HONEY COOKIES

sent in by Edna Garnett
(Newcombe liquid honey, of course)

5 cups sifted flour
1 tsp. baking soda
1 tsp. baking powder
1 tsp. salt
1 tsp. mace
1 cup honey
1 tsp. grated orange rind
½ cup orange juice
1 cup butter or margarine
2 tsp. vanilla
1 cup sugar

Sift five dry ingredients. Blend honey, rind and orange juice. Blend butter, sugar and vanilla. To the butter mixture add the dry ingredients alternately with the honey mixture. Mix well, cover, chill for two hours. Roll out on floured board and cut. Sprinkle with sugar and bake until golden in a 350° oven.

This makes a large recipe and these cookies keep very well.

GRIDDLE SCONES

2 cups flour
4 tsp. baking powder
½ cup shortening
¼ cup sugar
½ tsp. salt
2 eggs
milk

Put all ingredients in a bowl and mix thoroughly as for pie dough—blend shortening in with the fingers. Beat eggs — and add. Then add enough milk to make a dough of about the same consistency as pancake batter. Flour a piece of wax paper and drop a large spoonful onto the flour; lift paper and roll the dough in the flour. Lift and gently pat on greased pan which is already hot.

PINEAPPLE COOKIES

½ cup brown sugar
½ cup shortening
½ cup white sugar
½ cup crushed pineapple
½ cup nuts
1 egg
¼ tsp. salt
¼ tsp. soda
1 tsp. baking powder
1 tsp. vanilla
2 cups flour

Cream shortening and sugar—add egg and beat well. Add pineapple and flavoring. Sift flour, soda, salt, and baking powder and add to the creamed mixture. Drop from a spoon onto a cookie sheet and bake for 10 minutes. These cookies keep very well.

A neighbor, returning an egg she had borrowed, coming in the kitchen door, not seeing anyone around, called out loud: "I am going to lay an egg on your kitchen table." A pause, and the man of the house called downstairs in a deep voice, "This I got to see."
